

ANAEROBIC  
DIGESTERS

As the USA leader in anaerobic digestion, DVO's patented, efficient and cost-effective systems provide:

- Renewable power generation
- Quality solid fertilizer
- Liquid fertilizer for crop application
- Odor and pathogen control

# BACKGROUND

- DVO is based in Wisconsin, USA
- Founded in 1989 by Steve Dvorak, P.E.
  - Packerland digester in 1985 – still operating
- Our first digester (patented design)
  - Gordondale Farms, WI in September 2001
- DVO is the USA market leader, with over 100 digesters operating at roughly 80 sites in 18 U.S. states
  - Also in Canada, Chile, China and Serbia

The image shows a large, three-dimensional blue logo consisting of the letters 'DVO' mounted on a grey brick wall. The 'D' is stylized with a square cutout, and the 'V' and 'O' are rounded. To the right of the logo, a small black light fixture is mounted on the wall. In the bottom left corner, there is a copyright notice. In the bottom right, there are two large grey metal cabinets, one of which has a fan on top. The sky is clear and blue.
